OFFICE OF THE Dy Commissioner,
MYSORE DISTRICT,
Dated Mysore 14th Dec 1897

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

I have the honor to submit the accompanying copy of letter No E 182 dated 9th instant, from the Inspector of Agricultural Banks in Mysore, together with its original enclosures relative to the proposed establishment of an Agricultural Bank at Satnoor in the Kandya taluk

2. It will be observed from the same that the Bank is proposed to be established for the benefit of Satnoor and 22 other Villages and that there are 29 members who own lands (Government & Inam) the value of which is estimated by the Amildar at Rs 32678 with a liability

liability amounting to Rs 5745.

3 The members apply for a loan of Rs 25000 but the Inspector is of opinion that Rs 16000 may be granted and I concur with him

4 I beg accordingly to recommend that the Establishment of the proposed Bank may be sanctioned and an advance not exceeding Rs 16,000 authorised to be paid to the Bank from the Mandya Taluk Treasury.—

I have the honor to be

No C. 182.

Office of the Inspector of Agricultural Banks in Mysore.
Bangalore dy. 9th December 1897.

To

The Deputy Commissioner
Mysore District

Sir,

I have the honor to forward the file of papers connected with the proposed Agricultural Bank at Saligoor in the Maudya Taluk, received with the Amildar's reply No 155. of the 7th instt. and to state that twenty nine members who have subscribed themselves to the Memorandum and Articles of Association, propose to start a Bank at Saligoor for the benefit of this and twenty two other Villages. From the enclosed Extract from the taluk Map and the statement showing the distances from Saligoor

A6

to other villages, it will be seen that the longest distance from the Head-quarters of the Bank is not more than six miles. Of these the marginally noted villages are included within the jurisdiction of the Maudya Agricultural Bank sanctioned in Government Proceedings No. $\frac{3526-22}{\text{RF } 114-96}$ of 29th September 1896, but only one member Da pappah of Salivoor, has borrowed Rs 450 from the Maudya Bank and he says in a petition (enclosed in the file) submitted to this Office, that he would repay the loan and resign his membership if the Salivoor Bank is sanctioned. No other residents of these villages have joined the Bank, nor are any properties situated in these villages mortgaged to Maudya Bank. It is therefore necessary to

Salivoor

exclude

exclude the villages named above from the Mandya Bank in the working of which a separate report will follow.

2. These members own 628 acres 39 guntas of Sirkar and 460 acres and 12 guntas of Inam lands, all valued at Rs 81990 by the members, but the Amildar values the same at a an average rate of Rs 30 per acre amounting to Rs 32678. Their liabilities amount to Rs 5945

3. They apply for the grant of a loan of Rs 25000 which the Amildar also recommends. I am of opinion that Rs 16,000 which is one half of the valuation fixed by the Amildar, may be granted.

4. At Satnoor there has been

in

in existence a private Bank
which has been told declared
a dividend of 24 per Cent for
the past half year and I think
the Establishment of this Bank
is a great desideratum here.

I have &c

personal transaction and took back what
remained after deducting Rs. 50 and 30
Amt of which he is [illegible]

With reference to Gavlan Khandu Jagade's
assertions the Agent says that he withheld nothing

1. his Lordship directs to liquidate Khandesparkar's
just or debts but that Khandesparkar should furnish
the Vendor with a true and correct account of the
Vouchers as follows = Rs. 114 towards a debt due
15.1.14 to Khandagale, Rs 15 to one Bettarelle and
that Mr Scott the Vendor's Solicitor should have been wild
pleased to pay Rs. 16 odd and Wade directed to obtain
from Khandesparkar Agent's bill
with them Rs. 30 odd which he caused Rs 15
to be paid to Bella letter took Receipt thereof
caused Rs 2 to be paid to Govind Mhatre Peon
also Rs. 12 to Patel on acc of Khandagale

Khanaikhande & others came forward & ask that
the Agent may be questioned about their petition
This letter is shown them. He denies that he
received the sums mentioned in petition & says
that the Kolis have no lands & were never taken
as members, that he made a recommendation
on behalf of these Koli weavers but no favorable
reply was received, that there is a strong party-feeling
against him & that the complaint is the outcome
of such feelings. The Kolis have again called
and taken oaths in regard to alleged payments
the Agent says that he will place the sums
mentioned and even more before the Deputation

Scottish and that Petr may make them
walk their hands take the money. Petr objects
to takes oath on a temple at the instance
of a man of no respectability & who say they are
withdraw their complaint if he takes oath &
denies having received the money. He does not
agree to this. Petr says that they have sworn
and that the Agent took their signatures in a
book promising to get their loans & ask that
the loans may be given them as promised &
the Agent says that Petr signatures were not.
taken in any book. Petr repeat their assertions that
the Agent is in the habit of destroying records
& cooking up records.

The Petr say that the President after giving
his statement before me withdrew in the presence
of Siddegauda & Jaranagauda that on state
of these complaints & the enquiry he would
have sums from members on account of expenses
that nobody could come in this way. The
President is sent for & questioned. He denies
having sent for Petr & when the Petr argued
that Siddegauda & Jaranagauda should
be sent for & questioned he says that these men
are of Petr party & have come with them, & that
the must corroborate Petr but that he could not
accept their testimony. Petr says that people of
Holalu & Sanakankallu from whom the Agent stated

had several contributions were [illegible] to come here to [illegible] their complaints but had been stopped by Venkatiah & Agent on promise of grant of loan.

Mr Chairman Despade says that Narsinda one of the directors was present when he pardoned Agent the 10 March last & called a Quotwood. He speaks to this having seen Pet[er] Penny count the Agent receiving some money but says he does not know the amount. The Agent repeats his former assertion that he is prepared to take oath in a temple. Pet[er] Penny says he is prepared to take oath here before me & the Cape both of men present. He thinks it unfair that one side should take oath in a temple & receive money paid by himself & party during receipt should make the oath.

Agent Gonzaga states:—

That after the signature of the Bank engagement Narsinlies told Venkatiah he [illegible] away & he President, that Venkatpatra [illegible] Commissioner be Agent, that Muddiyna brother of Venkatiah be a director, that Dasappa a friend of Muddiyna should be Mutsaddi and that the bank should be kept at Venkatiah's house but at the first meeting after the bank was sanctioned these arrangements were upset and other arrangements were made under which I became Agent. When Mr Chenchaiah

'9

came prior to an enquiry was granted
to their opinion the object which he made enquiries
the members when he consulted said that
the owned have the Bank of Bengal and
otherwise. He then referred to the Building
which he had enquired of the properties valued
on 19 April 1898 a General assembly was held
at which 38 members were present and
Venkata Natia was President. At this the Assembly
took into consideration the complaints preferred
against the said the enquiries made by the
Inspector & Auditor expressed their confidence
in me and resolved that I should continue to
the Agent. Again on July 1898 when Mr. Thompson
Chetty came here complaints were preferred
against me about admission of new members &
urging that I was taking bribes of Rs. 10 each
He held an enquiry and I showed them
the accounts & each was satisfied that
the complaint was false he took me to task
for admitting such members after the inspection
by Mr. Thompson Chetty Venkatapatia resigned
his Presidentship & made an endeavour
to take Rs 4000 from the Bank between himself
and his undivided brothers but this failed
and he began to set up a new bank at Kumbakonam

and subsequently resigned his membership also
He is now adverse to me. Mudlapitia &
Venkatappa likewise wanted to take large
loans from this Bank which was not allowed
They became discontented & began to set up a
new bank at Jandrasandra. He too are
now adverse to me The above three and
die pirates, but there is misunderstanding
since 2 years and we don't visit each other
Venkatapatia at first with very great reluctance
and at the instance of the ryots of his village
used to attend meetings of the bank held at
my house but we are not on good terms. Many
times men have set up a few of the members
to complain but if a meeting of all the
members were held it will be found that
their opinion would be against the complainants
and in my favour. Most Complts have
a grievance because out of the amts shewn
in their documents sums were deducted
on account of future improvement and
on account of deposits and I objected to
pay the former until proper vouchers for
discharge of old debts were produced.
The instigators have induced the ryots
to give petition saying they would get the
balances due to them under the bonds
held by them The system followed in

Recovery of deposits named withholding of ten per cent from loans advanced is not popular. Although I have done my best to explain upon the members that the sums so withheld would be theirs and repayable to them when desired they are afraid the money is lost. Some with Capital Members are willing to have the ten per cent withheld but if it is ordered that these sums shd be repaid there will not be one who would willingly leave any deposit in the Bank. All would withdraw the deposits. The withholding of ten per cent on acct of deposits is done under an order issued by the Inspectors office & not in accordance with any Resolution of the General Assembly. May the members have to pay 5½ per cent on the ten per cent withheld while they get only 4 per cent on the amt of deposit. Yet the withholding of the ten per cent is very necessary and practicable. In the Nine banks the members failed to pay Rs 1,000,000 off by pledged property and the banks had no reserve to meet such contingencies In some instances where the members were considered to be deserving the entire amt of loan paid up. Means required for discharging debts as well as for working purposes. In some cases only the former is repaid & the amt of Capital withheld. One of these

have Mill introduced discharged bonds
and taken the sums required for investment
But others have not done so. They have
otherwise used sums obtained expressly
for discharging debts & want the amt for
impl. to be paid also, but this being objected
to they are dissatisfied. The properties of
members have not been valued by Public
authorities, but they have been duly valued
by me & Panchayat and we have been very
careful about granting loans. Very great care
has been taken to see that the security is
good & sufficient. In the case of large loans
I personally saw that previous encumbrances
were all cleared. So the affairs are satisfactory.
I have no cyl to any fear. I
take no bribe. The complaint in this respect
is false. Some money was spent for Railway
fare, hotel charges &c before the Bank was
sanctioned but this was recouped by those
who took interest in getting the Bank sanctioned
by making small contributions. The members
have to incur some Conveyance expenses
such as payment to Manthry for going
Khabe, payment to Treasury people for
cashing cheque without delay or trouble

Assignment & Registration Fees for petty thefts
does to questioned without delay — These
things He will not admit — but by the whole
on one. (When questioned if any of these pay-
ments were made through him he says
he is likely to answer the question). But
these charges do not amount to much — In
the complaint over after making allowance for
these charges a clear extra of Rupees eight
lacs to have been added with the view
of drawing the sympathy of higher authorities
I have not taken a single pie from the members
No contributions have been levied from people
of Kolaba & Ratnagiri. Application will
be made for an additional loan of Rs 35000 for
to meet requirements of new members admitted
I waited upon the Director, the Secretary & the Dewan
and explained the need for addl plant. They
were pleased to say that if the matter came through
the local authorities the additional plant would
be made. Hereafter new members have been
admitted and new villages have been included
within the sphere of the bank ~~and~~ with the
sanction of the Chief Court. I intend submitting
shortly the list of prospective new members
and pray that the application for addl loan may be
supported by if this is not ~~so~~ sanctioned, all

the new members will be found to devote attention
& there will be wide dissatisfaction. But for the
encouragement received I should not have taken
the new members. One of the Reps is a Mr the
Handwriting of Moodliyanaki Iyer and the
other is that of Venkatpatia. Director Manjunda
is an ignorant innocent man, but he has of late
had cause for disappointment inasmuch as his
request for an advance loan of Rs. 350 could not be
complied with the security offered being not
satisfactory. Venkatpatia being Karthey of his
village has tutored him to make the Complaints
There have been private dealings between me
and the weavers Channa Keshade & others. I made
in cloths Khandies and have lenders private
dealings. My dealings with the weavers
ceased 10 or 14 years ago. There have been
none since. I had dealings before with the
other complainants but none since 10 or 14 yrs
The position of agent is very onerous &
troublesome There is good deal of clerical
work and to deal with ignorant ryots
requires much patience. I would very
gladly give up the office which has proved
so irksome, but there is not another
competent person to take the place.
The Ryots have all confidence in me, even
the complainants who have come forward

at the instigation of my peons. They have not even taken receipts for the deposits & interest paid. As there was difficulty in their getting the balance of Rs. amount before the discharged bonds were produced the instigators induced them to come up with a complaint. Rs. 10/5/99.

Director Mani Gounda and a few others have come forward again (31st) to represent their grievances. Mani Gounda says:—

Vice Agent asked me for a little word. I declined to give. He wanted me to give my card to bring Chinnan Nones for him. I was not able to comply with their request. The complaints about his buying contributions were very wife and I spoke to him against such a course. He does not favour the information of meetings to be held, and he declined to give me the loan asked for by proposing it with more than 2000 Rs. I beg that it may be inspected. I cannot agree to take my daughter in law to Kacheri as proposed. She has in the first instance given her consent & attested. She will do the same. I am personally aware of contributions having been levied in one cases. Balayi Kulla and Balayi Singh paid each Rs. 4 to Agent at the Thumarachalli temple. I was present on the

occasion. The Kolers handed the sums to
Vestar Kalan who gave them to the Agent
the Agent said there was required for Durbar
expenses Rs. Rumanahalli Handefanda
and Gulefanda were then present also
Javarefanda a Member of the Bank. The
Agent said that Durbar expenses have to be
Collected and asked me to get the Kolers to pay
I believed that the same had to be collected
and so advised the men to pay. About 8 or
10 days after this I learnt that the boy was
very Ill and there was talka &
thereupon I spoke to the Agent. Gulefanda
who was then present has come.

Gulefanda of Rumanahalli says
The Kolers Nayar, Bova & Panicha
have money to Agent Krishna Iyengar Sahib
of Rumanahalli Rs. 3. The Agent says that money
is required for Durbar expenses that each shd
pay Rs. 4. He said the would get money
The men first gave Rs. 3 and then on more
They gave and 6 Mani fanda Kaidas
And he paid the Rs. 4 to Srinivasaiah
Before the Kolers fanda as above I said

Kuppa for 6 Agent in his house as he promised to get me money from the Bank. He told me he had taken out a Hundi but has not got given me a loan from the Bank. [illegible]

Niryanamma of Nyacapura says I also paid Rs. four in view to obtain loan from the Bank. Nothing more than a year after taken in this house I have been admitted as a Member. I executed a doc[illegible] for Rs. 175. A cheque was given me for Rs. 125. This sum was given me at the Talak Kacheri. The Agent who was present at the Alabanyan tree near the Talak Kacheri took it from me and he gave me Rs. 90 (60+30+00). I am not able to explain why he withheld the balance I owed Channegauda Rs. 50/- which the Agent paid Javad Gundappa Rs. 30 which the Agent paid and he gave rupees ten in cash - Thus altogether I got Rupees nine. These credits were paid at Sirsi. I paid the whole Rs. 125 to Gurappa at the Ala tree near Kacheri and he gave me Rs. ten at the time I paid in order to discharge my debts. I paid from my

pocket for drawing paper &c. I paid Srinivasa Rs. 0-14-0 for drawing paper and Aman 8 for entrance fee. I paid nothing on acct of transcribing Appl and document or on acct of Registration fee under the doct Rs. 50/- as due to me. I asked for this. Srinivasa has been promising to pay & putting off. I am a Loman with children. &c

Siddaya of Byalapura says:—

About one month ago I gave Rs. 7 to Srinivasa's hands to induce him to give me a loan from the Bank. He said this had to be paid on acct of expenses. One Basegauda had lent me Rupees 22 and he had come to get a bond from me for Rs 30/ He paid Rs. 8/ to make up Rs. 30, and out of this I paid Srinivasa Rs. 7. The latter told me to give acct of expenses that was payable, when I had money in hand. & so I paid. The doct by Basegauda was executed in Srinivasa's house & it was written by Srinivasa. and the sum of Rs 7 was paid at the same time. I had applied for Rs. 200 from the Bank but Subbegauda advised me taking Rs. 150 only and took Rs 7 as above. Subbegauda was also present then. He said there would be a delay of 8 or 15 days in their getting cheque

said Rastia Inc. to court No letter of the
loan has yet been given to me, more than
once I have asked for loan. The Gentlemen
that Chigne had told me I should be received
two petitions are presented by Peter Anjinappa others.
Peter Mancha & Komarahalli says:—
On hearing that govt. was giving money by my
through Bank. I asked Mariyanda to get
me a loan He agreed me to give 4 pa-
ne Patta came & Komarahalli and saw
my Patta: He said that I should pay Rs. 4/-
on account of expenses & that the loan asked
for would be given on receipt of money. I
have Rs. four & accordingly. Mr was also
Barangud Mariappa & Gulappa are
present. Mr was ten months ago. Up to this
the loan asked for has not been given. He asked
me to wait till Ugadi. Then for two months
more. As mine was not paid I came to
represent this
Peter Kante Singri & Komarahalli says:—
I stopped Rs. 4/- at the time Mancha paid
for Singappa. Gulappa & Mariyappa were
present. He saw my Patta and noting same
asked for Rs. 4 for expenses. I am a very poor man

with a large family (the weight of an elderly man) My property has been mortgaged to Bank and got no loan is given me The Agent whom I asked has been putting off

Singri son of Killan Bora of Kumaranalli says

Suttesanda ~~says~~ said that Rs. 15 is the head assessment. I could not pay so much He said that Rs. 4 at least must be paid then I paid this at the same time Ramba & Singri paid at Kumaranalli temple I gave the Amt to Suttesanda's hands & he handed it to the Arivara (Singotta) The Agent saw my Patta also. The Agent said that he would make loan in a month and he has been putting off payment Suttesanda took from me Rs. 9 as a loan & has not yet repaid it

Ram Sanda & Thandi Sanda say that a number of people from Holalu went Comanja to complain they have paid Rs 9 each but that the Agent pacified them & took them back saying he would give them loans tomorrow.

Kalesanda, Thanda of Kumaranalli and Kala of Thamlapur say they are prepared

to make oath in temple & say that the sums mentioned in their petition were withheld They pray that all temple charges be deducted & balance paid to them - Sonaji Kempa says he too is prepared to make oath in temple - Mallappa & Tammanna also say he will make oath in any ~~temple~~ temple that may be proposed as to the truth of the statements made by him & the account withheld - Venkata & Kilara also says as above - So too Rawa & Timmiah & and Siddaji Kalaboregauda - So too Chanda & Madahalli & Chanlapur -

The Ryots present say they are afraid to make payments due to Bandi & the loans of Agent. They urge that the Agent has by means of contributions been built a house for himself at great cost -

The Agent Sirsappa having come is informed of the above statements. He is confronted with the Petrs & complainants present and they repeat their allegations & charges. With regard to their proposal to make oath in

Temple in reply of Messrs Forbes & Co. the Agent says he is unable to say anything & suppts. their reckg. their blessed remarks — He says he will convene a meeting of all men here at which the complainants may if they wish discuss his conduct & state the cause of the Assembly &c 8/5/99.

Visvesvaraya now comes forward with a petition about his grievances — His case having been already decided by the General Assembly their Resolution is read to him. He says that the reasons urged in the Resolution are untrue, that as the Agent said he would have him shewn out of the Bank and here was ill feeling between them he sent the discharged docks & the Respectng Office that the Respts. Office sent them an Endorst telling him to represent his case to President & Directors, that some of them being related to the Agent & others under his influence he could not hope to get any redress here, that the clerical mistake in his docts in regard to no. of a field could be easily rectified but the de-

was in the Bank, that his lands are very valuable & Mr Thengal Chetty had promised to inspect them, and that upon inspection, time wd be allowed for payment of the sum advanced & this extra loan asked for granted. He is told that this was a matter in which I could not interfere and that he might if he liked appeal to the General Assembly.

The Agent Sriyappa explains that at the meeting referred to this Mr objected to new members being admitted: that the new Members then persisted and talked loud, that this Mr and a few others reported. and there was a likelihood of the men coming to blows. that he then said to Mr & others that if they would not keep quiet & behave in an orderly manner they should leave the premises that if Mr felt resp- he might have had the docks registered & that as he had failed to upon hand loan with consent the Genl Assembly had to remove him. Mr is told to represent his case to the Genl Assembly & recommend to give the bank the docks, arrears due, &c

disclosures the existence of several irregularities. Of which the following all for early attention:-

(a) Dates of resignations and death of members and dates of new admissions not being entered in the Register of Members.— The Register should be brought up to date without delay.

(b) Loans of class IV not repaid though overdue.— Either the bonds should be renewed or the amounts recovered at once.

(c) Valuation of property not upon actual inspection but upon a rough appraisement.— The lands hypothecated by the members of the Bank should at once be inspected by the Auditor and a correct estimate formed of their present value and the same noted in the

(d) Register of discharged bonds, title-deeds, &c. —

This Register should ... once be opened & discharge documents secured duly entered therein. It is highly irregular that one of the members of the Bank should utilize the loan obtained by him for discharging his sundry debts, instead of redeeming the property hypothecated to the Bank from previous encumbrances. The member should be required to rectify the irregularity by clearing at once the encumbrance on the property. The members referred to in para 10 of ... Inspectors report (AppA)

should forthwith be called upon to produce the other discharged documents or receipts from creditors for old debts liquidated.

(E). Absence of rule for the levy of fine for overdue instalment. — The attention of the Members of the Bank should be drawn to para 54 of the Memorandum and Articles of Association.

The books of the Bank were inspected on 17th and 18th May 1899.

R.S. 27/6

Appendix A gives a general view of the transaction of the Bank from the 28th March 1898 on which date it was started up to the 15th March 1899 since when there have been no dealings. It will be seen therefrom that on of the advance of Rs. 16,000 sanctioned for the Bank, it had drawn Rs. 14,965 from the Treasury, that it had granted loans to members to the extent of Rs. 14,925/- (exclusive of a small sum of Rs. 150/- repaid), that it had received deposits from members to the extent of Rs. 1,144 and paid to treasury Rs. 1027-8-0 towards principal, and that out of the entrance fee and interest recovered from members amounting to Rs 506-12 it met the Establishment Charges and Contingencies amounting to Rs. 174-10-9, and paid the interest du to treasury up to end of December 1898, Rs. 187-0-7. The Agent had on hand more than Rs. 300/- since February last inclusive of a portion of deposits received from and of principal repaid by members. He was told not to keep such large sums on hand.

The Bank started with 29 members owning property valued at Rs. 82,000 according to members' estimate, but at Rs. 32,678 according to the estimate of Taluk authorities based not upon actual inspection and intrinsic merits, but upon a rough appraisement at Rs. 30/- per acre, good and bad. Out of the 29 members, five representing property valued at Rs. 12,450 according to members' estimate and Rs. 3620 according to Taluk Estimate, had resigned, and three more representing property valued at Rs. 7,125 according to members' estimate but at Rs. 690/- only according to Taluk estimate were considered to have almost severed their connection with the Bank in view to join a new bank proposed to be started at Tandasanhalli.

16070
16608

The Bank has taken new members - one batch of 48 on the 29th June 1898 and another batch of 34 on the 28th July 1898, and it estimates the property of these at Rs. 84,295 according to an appraisement by its own Panchayats. The Agent paid that he intended to submit a list of these lands for appraisement by Taluk authorities in connection with an application for an additional grant which the Bank proposed to make.

Loans had been granted to 16 of the first batch of members and to 37 of the newly admitted members, aggregating Rs 15,075, while the value of the property hypothecated

hypothecated to the Bank was according to members' estimate Rs 85440, and at Rs 30/- per acre Rs 32040.

Appendix B. contains a note of the omissions irregularities noticed on examination of the Bank's Books.

The Bank has unfortunately not been happy in its choice of Agent. In March 1898 one Sivage ganda, Patel of Gopalpur, openly asserted that the Agent's character was not good and that he ought not to be in charge of the Bank and its dealings. An enquiry was made at which it was shewn that there was some cause for ill feeling between the Patel and Agent, and on the 17th April 1898, the latter had his conduct considered by a General Assembly consisting of about 38 members who expressed their confidence in the Agent, and resolved that he should continue to hold that office. In July 1898 complaints appear to have been again preferred against the Agent; and again during my stay at Inandya, a large number of men came up with complaints against him. . . . The Amildar, whom I consulted, gave it as his private opinion that the Agent was a very unscrupulous man meddling in others' disputes and seeking to get money by misrepresentation as to services alleged to have been rendered by intercession with officials. My enquiry into the complaints preferred before me showed that this estimate of the man was not unmerited. The

Complaints

complaints were - that the Agent was levying contributions from members and would-be members at from Rs 4 to Rs. 10 or 15 each on the ground that they were required to meet Durbar expenses alleged to have been incurred in getting the Bank established at Sabnore, and to be necessary to get additional grants sanctioned, that he had withheld large sums from the amounts due to certain members under the documents executed by them, and that he could not be trusted with payments and documents. The Agent, and the President who appeared to be hand in glove with him, urged that the complainants had been instigated by some gnatis of the Agent and that there was yet a large body of members who were quite satisfied with the present management. Among the complainants was a member of the Board of Directors, an elderly man related to the President and described as an ignorant and an innocent person. There were among them several others of the same stamp including a poor woman, and I was impressed with the earnestness and truthfulness of the complainants, and the audaciousness of certain hints thrown out by the Agent to ward off imputations against him. I append notes of my enquiry for perusal, and I regret having been forced to the conclusion that the Institution

instead

instead of proving a blessing to the poor agriculturists had placed power in the hands of an unscrupulous man bent on self aggrandisement. The Agent said he would again take the sense of the General Assembly about his Conduct, but I would not attach much weight to testimony of the kind given at his instance and in his own house, for I learnt from enquiries, independently of what the Complainant stated, that the agent is feared for the injury he might do. I trust, however, that the open enquiry made has had some salutary effect.

SIR,

(19)

Adverting to your docket No. 3178 A.R. 60-97 dated 27th October 1899, calling for early submission of a final report on the affairs of the Satanoor Agricultural Bank, Mandya Taluk, I have the honor to submit the accompanying copy of the Assistant Commissioner Chengiah Chetty's letter No. 498 dated 22nd November 1899 from which it will be observed that the members of the Bank have removed the present President and Agent and appointed other competent persons in their stead and that the Assistant Commissioner proposes the issue of orders for the continuance of the transactions of the Bank.

As it is desirable to see that the various irregularities noticed in Government Proceedings No. 287 A.R. 60-97 (19) dated 12th July 1899 are

duly rectified before withdrawing the order for
the Stoppage of payment to the Bank, I have
Asked the Sub Division Officer for a detailed
report regarding the same and on receipt —
thereof I shall address the Government again
on the subject.

To
The Deputy Commissioner
Mysore District

Sir,

With reference to your memo No 122 of the 10th instant, forwarding copy of Secretary's docket No 3178/60-97 of the 27th ultimo regarding the early submission of the report re the affairs of the Satanoor Agricultural Bank I beg to state as follows:-

On the 20th instant I arrived at Mandya and held an interview with the members of the Bank in the presence of the Taluk Sheristadar and settled their differences. They had a general meeting yesterday and removed the present agent and President and appointed one Guttal Veerappa Swaraiya and Beedanoor Krishnappa in their stead. These two Command the Confidence of the members and my enquiries further shew that

the

they are very respectable persons and will be able to conduct the affairs of the Bank satisfactorily. The members promised to pay the interest due to the Bank for the year ending 30 December 1899 immediately.

2. I have instructed the present agent in regard to the rectification of the irregularities pointed out by the Inspector of Agricultural Banks

The Amildar reports that he will inspect the lands hypothecated to the Bank before the 15th of next month during the time of Taluk Jamabundy and submit the Valuation Statement.

In the meantime the present agent and President will receive the interest due to the Bank from the members and repay the same towards the loan taken from Government. They will further submit the half-yearly cash balance Statement and other documents to the Inspector of Agricultural Banks.

I am of opinion that orders may issue for the Continuance of the transactions of the Bank under the above circumstances. Copy of the proceedings of the meeting held

by the members is enclosed.

I hope I will not be considered out of order for having enquired into those matters after handing over charge of the Sale Division to Mr Venkata Rao. As the matter is an urgent one and as I am well acquainted with the circumstances of the case and as it is not likely that Mr Venkata Rao can afford to visit Mandya at once, being engaged in the disposal of a few important criminal cases I have thought it desirable in the interest of Government to dispose of this reference.'

OFFICE OF THE Deputy Commissioner,
MYSORE DISTRICT,

Dated Camp Krishnarajapett 24th January 189 1901.

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

With reference to previous correspondence ending with your docket no. 4780 (21) K.S. 60-97 dated 8th January 1900 relating to the affairs of the Agricultural Bank at Saltanur, I have the honor to submit the accompanying memo of the Inspector of Agricultural Banks in Mysore dated 26th October 1900 with its enclosures received through the Sub-division officer of French Rocks, from which it will be seen for adequate reasons the omissions and irregularities noticed by government in their Proceedings no. 284 (9) dated 12th July 1899, have not yet been duly attended to

I agree in the advisability of recognizing Mani Gorda as President and Lubba Bhatta as Agent in place of Putte Gorda and Gopiappa respectively -

The Inspector suggests that the new President and Agent may be allowed 6 months time to rectify the omissions and irregularities in the working of the bank and I think this concession is desirable considering the peculiar circumstances of the case -

The Sub-division Officer who was in anticipation of Government sanction, asked to give effect to Suggestions 1, 2, 3 and 6 made by the Inspector of Agricultural Banks in his memo of the 26th October 1900, reports in his docket no. 536 dated 14/15th January 1901 that the new President and Agent to whom the Registers etc - of the bank were restored,

are scrutinizing the accounts of the bank and have not yet began to collect the outstanding debts due to it.

As regards funds for carrying on future transactions I agree with the Inspector in his suggestion that the new office bearers may begin to collect the outstandings at once in view to provide themselves with requisite resources.

As regards the valuation of the estates hypothecated to the bank, the Inspector observes that should the Government decide to withdraw the loan made to the bank, it would be unnecessary to devote time and attention to ascertain the correctness or otherwise of the same. Nevertheless I have issued stringent orders to the Auildar to inspect those lands and prepare a list showing the correct estimate of their present value as the bank

bank has been allowed to re-
-sume its business.

X 1823. Out of the loan of Rs. 16,000 X
sanctioned by Government for
this bank, Rs. 13,987 has been drawn
from the Treasury leaving a balance
of Rs. 2,013 in it. The Inspector in his
suggestion no. 6 recommends that
the requisition to the bank to deposit
in the Treasury all sums recovered
by it without utilizing the same
for the grant of new loans may be
withdrawn - But I am not prepared
to support his recommendation in
entirety - I would however recommend
that the bank be allowed to realize
outstandings as they are recovered,
only to the extent of Rs. 2,013 which is
the balance remaining in the
Treasury, of the loan sanctioned
by Government, the proceeds being
deposited in the Treasury as usual

But if recoveries are to be credited to non-interest bearing deposits of Government the Inspector's suggestion viz all sums & maybe given effect to. Comd P.M.

Re: Salazar & Agricultural Bank

In passing orders on the Deputy Commissioner's letter of the 9th June 1899 submitting the Inspector's report of the 22nd May 1899 on this Bank, the Government Proceedings No 28/7-R.7.06/97 dated the 12th July 1899, approved of the Sub Division Officer's order to the Police Treasury not to grant further advances to the Bank until the President and the Agent of the Bank were changed, and directed that early attention be given to certain irregularities noticed by the Inspector and that the lands hypothecated to the Bank be at once inspected and valued by the Auditor.

The President and Agent were addressed about moving the General Assembly to appoint others in their place and about rectifying the irregularities; they were asked to place before the General Assembly a Petition addressed by Director Mariguada and others praying that instalments on which might be recovered be, instead of being paid to new members used to meet the requirements of such of the old members as had not been given full consideration for the documents taken from them; they were further asked, in view of certain complaints, to consider the advisability of their depositing in the Treasury, pending the nomination of

of their successors, sums which they might recover in the interval.

3. These communications however, failed to receive due consideration - The President and Agent sent Minutes of two meetings purporting to have been held on 31st May 1899 and 19th June 1899 by 40 or 43 members expressing entire confidence in them and declaring to the complaining members as worthless men who were in the habit of banking out false cheques; they made a distribution of the amount on hand, about Rs. 335, for the most part as loan to themselves and as arrear of Gumashta pay to the Agent's brother-in-law, himself a member of the bank, notwithstanding the fact that the Agent had, on the occasion of the Inspector's inquiry, promised to hand the amount on hand to the Treasury and that interest was due to Government; and they afterwards practically ceased to attend to the Bank's business. The Auditor states that Agent Giriyappa wilfully failed to rectify mistakes and omissions though called upon to do so.

4. The President and Agent having thus shown no disposition to introduce reforms in the management of the Bank's affairs and afford redress to those who had reason to complain of their conduct, Director Manjunatha took it upon himself to convene a General Meeting to appoint a new President and Agent, and one of the aggrieved members laid a criminal complaint against the Agent as a test case.

Then,

them on the motion apparently of the complainant, the Police, under the orders of the Taluk Magistrate, seized the books and documents of the Bank and lodged them in the Taluk Court in about August 1899. The criminal case not having been disposed of and no properly constituted Board of Officers having till recently come forward to claim the registers & documents these remained and do still remain in the custody of the Taluk Magistrate.

5. For the above reasons, much of the omissions and irregularities noticed in the Govt order as had to be attended to by the Officers of the Bank have not yet been rectified, nor can the needful be done in this direction until a properly constituted Board of Officers re-open the Bank and begin to transact business.

6. As regards the valuation of Estates the Amildar states that the Agent (giving) failed to come, though sent for, to explain doubts in regard to certain entries in the Banks register, that during the Taluk Jamabandi he (Amildar) made an endeavour to do the valuation but had to desist owing to pressure of other work as one members lands took up more than one day, being situated in different villages, and the lands of other members (exclusive of the newly admitted) are likely to require one months undivided attention, that the lands of all the members taken as a whole were worth four times the amount of Government loan, and that if the Bank began to work again, the valuing of lands can be resumed and done as time permits.

There

There is force in what the Amildar states. If there is no likelihood of the Bank being re-opened and worked satisfactorily, and if upon ~~[illegible]~~ that account ~~[illegible]~~ the Government decide to withdraw the loan made to the Bank, it would be unnecessary to devote much attention to the valuation of individual estates.

Whether there is likelihood of the Bank being re-opened and worked satisfactorily is thus the principal question for consideration. There are two factions among the members, one led by Gurugappa Hegde and the other by Director Manjanda who seeks and receives the active assistance of Gurugappa's enemies who are not on speaking terms with Gurugappa. The several efforts made by both to nominate proper office bearers and their result will now be referred to:—

1st:— The meeting convened by Manjanda in the first instance and referred to in para 4 above, was held at the Brahmana Temple, Salmara, on the 3rd July 1899 and was attended by 65 members, but the proceedings though confirmed at a meeting held on 21st Idem and attended by 68 members, were open to the objection that ex-members were allowed to take part in them and elected as office bearers.

2nd:— A meeting was held at the instance of Gurugappa on the 17th September 1899 in his house at Salmara, and at it Muliyan Linganda was elected as President and Shankrappa

Shankrappa

Chenkrappa as Agent, and some changes were made among the Directors. The proceedings of this meeting were sent to bear the signatures of 49 members, but Manjanda in a letter addressed to the Sub D.C. office, urged that Girigappa had fabricated the signatures of members that did not at all attend the meeting and offered to prove this. The Sub Divl Officer ordered an enquiry, and out of 15 men examined by the Amildar six stated that they did not attend the meeting while the Peridali elect and the Agent elect differed materially as to time — the former stating that the proceedings began at 12 noon and were closed at 4 P.M. while the latter stated that they began at 5 P.M. and were closed at 6 P.M. One of the witnesses stated that he signed the proceedings after the complaint of Manjanda at the earnest solicitation of Girigappa. As a result of the complaint and the enquiry the above proceedings were not confirmed.

3rdly — A meeting was held in the Taluk office under the auspices of the Sub D.C. office, the Chenjiahsetty on the 21st November 1899 and it was attended by 43 members. At this meeting one Bedmur Krishnappa (Girigappa's brother in law) was elected as President and Pattale Vidyasagara (an ex-member of Manjanda's party) as Agent, Directors were likewise elected from both parties and the bank house was sought to be removed from Girigappa's house to a building called Manchamma devaru temple

M.

Mr. Thompson had spoken to men of both parties the previous day and he trusted that he had succeeded in settling the differences of both parties and that the arrangements made at this meeting had given satisfaction to both and would work smoothly and well. But Govindappa and men of his party lost no time in sending petitions to Government and other offices complaining among other matters that a non-member had been elected as Agent. At the confirmation meeting held on the 6th Dec. 1899 the President elect (Govindappa's brother-in-law) declined to accept the office and one Shankrappa was nominated as President. One valid objection to these meetings was that only such of the members as had obtained loans were invited to them and not those who had not obtained loans and whose number was large.

4th July — Representative bodies of members of both parties met at Bandya on the 2nd July 1900 at the instance of the undersigned. The interval between the 6th Dec. and 2nd July was long. The men of Marisadas party as well as the local authorities were in expectation of orders approving and recognising the arrangements made at the meetings of 21st Nov. and 6th Dec. While as noted above Govindappa and his men were petitioning against the recognition of those arrangements the Amildar suggested the advisability of the bank office

being

being shifted to Mandya which
lies only about ½ or 2 miles from
Satnur, but the necessary steps
in regard to the land to be taken
by the Bank itself. Mr Johnson
the Inspector addressed the Deputy Com.
submitting certain correspondence
between him and the Amildar
and suggesting the consideration of
the question whether the Govt loan
ought not to be withdrawn; thereupon
the Deputy Commissioner sent the Inspr
certain correspondence between himself
and the Sub-Divn Officer and
desired the Inspector to make another
enquiry and take his opinion and
suggestions as to the further action
to be taken. Efforts made to serve
notices on members of both parties
were at first unsuccessful and
two visits of the Inspector to Mandya
proved abortive. The Taluk authorities
at last succeeded in serving notices
and the members met as above
at Mandya on the 20th July 1900.
The state of things was fully explained
to them and they were told that
unless they sank their differences
and made proper arrangements
to manage the affairs of the bank
satisfactorily the Government
would have to be advised to withdraw
the loan granted to it. They retired
and after a long consultation
returned and stated that they
had agreed to nominate Mari
Gauda as President, Hulivan Linge
Gauda as Agent and Shankrappa
Budnur Krishnappa, Akkere
Gurumallappa and Gattu Subba
as Directors - But it was soon
clear that there was no agreement
as to the selection of the Agent
and three of the Directors who
were

were stated to be Giriyappa's relations or staunch adherents - Vehement talk ensued between Giriyappa and Javara Gauda the most out-spoken man of Marisauda's party and in the end both parties asked for further time and stated that notices would be served on all absent members and a final meeting held on the 30th Idem - 5-th-5 ___ A meeting was held on the 30th Jul 1900 at the Hindu Temple at Satnur - It was convened by Marisauda and 3 others and was attended by members of both parties, about 30 according to Puttegauda, about 70 according to Marisauda - The meeting however collapsed - Puttegauda states that members were not able to agree as to the selection of another as agent in the room of Hulevan Lingegauda who declined to accept the office and as to Marigauda being called upon to obtain his daughter-in-law's consent to hold the post of President which Giriyappa said he insisted upon his obtaining - But Marisauda and Javarai Gauda state:- We had with us four very respectable men who are real members of the caste and friends of both parties - Several differences in the course of discussion sprung up - They are - Puttu Hegade, Rempal Hegade Putti Venkategauda and Ramanahalli Chandegauda - We had agreed to have Marisauda as President and Hulevan Lingegauda as Agent - Giriyappa and Puttegauda came later to the meeting and learning that the decision of the meeting was, Giriyappa sharply & unceremoniously said that it ought not to be so and that other arrangements ought to be made - The Panchayat advised him to agree to the arrangements but

but he was unyielding and said that Mariannhill must not be anything that it was futile to have both Cats and mice on the Board of Directors and that the bank should further remain in his house or he did not agree to Sirinzappa's new holding offices and there was then altercation as to Sirinzappa thwarting and ruining poor members who were anxious to make proper arrangements for the working of the bank. There was haggling and talking till about 9 P.M. but the efforts of Fonseka's & peacemaker were of no avail & Sirinzappa took Julius Linsenda (proposed April) and others & all about 7 men, and went away. As Linsenda retracted and left the meeting at the instance of Sirinzappa we did not know what other course to take and preferred to represent matters to the Inspector."

Marinsanda & others were informed that the members should decide for themselves & who should be the office-bearers, that neither the Inspector nor any other Govt officer would give any instructions in the matter & that the Govt would, under satisfactory arrangements were made for the transaction of business proceed to recover the loan granted to the bank. The leaders of both sides said that both parties were anxious that the bank should continue to work and fear of the consequence of a winding up, and asked for an opportunity to convene another meeting which they promised to do after the sowing operations were over, about the end of August 1900.

6th :— The meeting referred to was held on the 23rd September 1900 at the Biradevaru temple, Satnur, at the instance of director Mari Gauda and three members, who circulated notices to men of their party and sent post cards to men of the other party. This meeting was attended by 3 members, all of Mari Gauda's party and it was resolved therein that Mari Gauda should become President and member Subbabhat Pillandya Agent and that the Bank office should be held at Manchamma devaru temple. Changes were made in the body of Directors also and the whole proceedings were confirmed on the 8th October 1900, at a meeting convened in the Biradevaru Temple by the said Mari Gauda and three members after notices issued to members of both parties in the aforesaid manner. This meeting was attended and presided by one of Giriyappa's party, viz Shankarappa. The President and Agent elect have sent copies of these proceedings through this office to the Registrar of Joint Stock Companies for record and registration of the house selected for the bank office, and they are now the registers and documents of the bank may be given to their possession to enable them to transact business

Giriyappa and Putte Gauda received notices of the above meetings of

of the 23rd Sept. and 8th Oct. 1900 but took no part in the proceedings. They urge that they actually went to the Biradevaru Temples with their followers on both the days and waited there till 6 P.M. but that Imari Gauda and his men did not come there and were stated to have remained and drawn up proceedings in Shambhog Venkat Pai's house, and that they accordingly went back without seeing any meeting held or proceedings drawn up. It is however clear from the statements of Oddi Manche Gauda, Subba Bhat and Shankrappa) whose character for veracity is not impeached that Imari Gauda and others did actually meet at the Biradevaru Temple on both the occasions and conducted there the proceedings of which copies have been sent to the Registrar of Joint Stock Companies, and that Girigappa and Puttegauda did not at all go there. The statements made by these two men read with those of the three reliable men referred to show how unscrupulous & revengeful they are.

(vide Notes)

Other objections urged by Puttegauda and Girigappa against the recognition of the arrangements made at the meetings in question are:— That Imari Gauda and his followers were men of small means, Bhikaris who had taken but small loans aggregating Rs. 2000, while Girigappa and others had properties worth thousands

4

of Rupees and had taken large loans aggregating Rs. 12000.

(2) That directors and bank house had been changed although there was no necessity or requisition for such change.

(3) That the President elect Marigauda is ignorant and illiterate, the Agent elect Sabbabhat likewise incompetent & further a resident of Mandya, one of the directors elected, Javarai Gauda, is illiterate, and two others, Narasimhabatta and Bhudda Setty, are Potkris.

(4) That, as a result of illiterate and incompetent men becoming office bearers, the antagonistic cousins of Girigappa will practically become managers and Venkatpatia, one of them had actually written the proceedings of one of the meetings and the Yadi of the Agent elect to the Inspector.

(5) That Ramchamma's trustee was quite unwanted for a banking office.

Puttegauda and Girigappa said that they would get up a petition signed by members of their party and send it to the Inspector by post on the 14th or 15th Instant, but the petition has not yet been received. A few observations will be made on the objections noted above:—

As regards (1)— A good character combined with sagacity and tact was as necessary as wealth, but Girigappa and Puttegauda were wanting in them. The largeness of loans obtained was no criterion of respectability nor the smallness of loans any criterion of

of the reverse. There were many who had taken no loans, but had given them the benefit of their credit. The Taluk Sheristedar who under the late Amildar orders had been watching the working of the bank and knows much about the members says that the present followers of Girijappa were likely to desert him the moment the bank began to work under another agent & Managing Board.

As regards (2) There was strong feeling against Girijappa's relations and staunch adherents continuing as Directors and against the Bank office being held in Girijappa's house. Mari Gauda and his own believe that the only chance of the grave mistakes and irregularities of Putte Gauda and Girijappa being brought to light and rectified lies in the exclusion of Girijappa's relations and partisans from office for a time at least, and they have a strong aversion to going to his house owing to his overbearing conduct.

As regards (3) Mari Gauda is an old respectable looking man and seems to possess some ability, tact and influence. Subba Bhat is known to have been once the choice of Girijappa himself for the post of Agent. He professes to retain the help of his two sons in writing the accounts and he promises to get Salmur and transact business strictly according to rules until after satisfactory arrangements can be made. Jawara Gauda, though illiterate, is a tough man to deal with & his co-operation will not fail to be of use on the Directors' Board. From what has been elicited it is not clear that the two Settis are Potris.

* vide Notes appended

As regards (4) — Under the new arrangement there is likelihood of the Bank being vested of some unworthy members who had worked against the interests and of some of Girijappa's cronies being admitted as members — There is no reason why others should share the prejudices and fears of Girijappa and Puttappa on this account — From what has been elicited (vide Notes) there is no reason to fear that the cronies are of the same type as Girijappa

As regards (5) — Ranchandra Devarie temple is said to be a stone building well situated, owned by one individual who had connected to the Bank's business being held there — It had been selected at the meeting of the 21st November 1899 at which members of Girijappa's party had taken a part — The Agent clerk and Munim say that cash and important documents would be kept in the Sahukar Kacheri and that the office could easily be shifted to some other house if such a course was deemed necessary or recommended at any subsequent meeting

The undersigned now begs to submit his opinion and suggestions:—

(1) That the President & Appointees at the General Assembly meetings of the 23rd Sept. and 8th Oct. 1900 may be recognised by the Treasury and Executive Officers as duly and lawfully appointed and empowered to transact the business of the Bank under the terms of the Bye-laws and Articles of Association.

Note — In this connection the questionaires

for

for consideration whether the requirements of sections 11, 12 & 13 of the Act of 1892 have been duly complied with. The Directors could under section 11 convene an extraordinary general meeting whenever they thought fit. Here was one Director convening the meetings in question. Under section 13 any three members could themselves convene an extraordinary general meeting if after requisition the Directors failed to convene a meeting during a period of 21 days. Here were three members acting jointly with one Director in convening the meetings. It was not however shown that they left any requisition at the registered office of the bank, and the registered office had remained closed from early August 1899, nobody transacted business there and covers addressed to the Provident Agent and sent by post (prior the Inspector's visit) were not received by any body. The late President Pattegauda who said that a meeting could be called if members of both parties attend the end of August 1900 for an early settlement of affairs failed to convene such meeting. He says that before he could move, Mari Gauda and others issued Notices for a meeting and he thought that was sufficient.

(5) that the Registers and documents belonging to the bank, seized by the Police and now in the custody of the Taluk Magistrate, may be ordered to be delivered to the elected President, Agent and Directors at the meetings referred to.

Note — Either the Taluk Magistrate or the

Mag^e

Magistrate before whom the criminal case is pending or the Sub Divisional officer or the District Magistrate has to take this matter into consideration and pass orders. Only one document is said to have been called for and produced in the Criminal Case. The other documents and registers have to be returned to the Bank. Ghirigappa the late Agent, from whose custody in the Bank-house they had been obtained, had ceased to be agent, and the new Agent, President and Directors seemed entitled to the possession and custody of them. The longer they are detained the greater the damage, for the bad debts dues had not been recovered for upwards of a year and some of them might become barred.

(3) that the working of the Bank under the new arrangement be watched for a period of six months and that if at the close of that period the omissions and irregularities remained unrectified or the working was found unsatisfactory steps be taken to withdraw what remained of the loan granted by Government.

Note – There had been dissensions from a long time and they still exist. The Government could long ago have withdrawn the loan under section 75 of the Arts of Association and they might even now decide upon withdrawing it. But to withdraw it now would be to inflict great hardship on the poorer members who have now succeeded in constituting a Board for the working of the Bank after suffering considerably

at

at the hands of the late Agent and President. They might be allowed an opportunity to do what lay in their power to improve the condition of the Bank.

(4) That should further continuance of the Government loan to the Bank be considered undesirable under all the circumstances relating to the Bank, an opportunity be given to the Bank to apply to Govt as its Creditor, to appoint a liquidator under Section 179 of the Companies' Regulation to recover dues and pay debts under such arrangements as might be made under Section 75 of the Arts of Association instead of the Government proceeding to recover the whole loan at once as a revenue demand under Section 74 of the Arts of Association.

Note – This will to some extent alleviate the hardship to the poorer members who deserve commiseration as they had to face two or three bad seasons. The right to exercise the powers conferred by Sec. 74 might be reserved by Govt to be exercised when necessary in the course of the winding up.

(5) That should the Government decide to give the opportunity referred to, to the Bank, the order of the Sub Div. Officer to the Taluk Treasury not to make further advances to the Bank be modified so as to admit of advances being given out of what the bank might hereafter recover and deposit in the Treasury.

Note – Out of a loan of Rs. 1600 sanctioned

by Government the Bank has drawn and used about Rs. 13987, leaving Rs. 2013 in the Treasury. The Bank has to pay interest to Government for four half years including the current half year ending with 31st December next and it ought by this time to have paid one instalment out of the principal or a portion of it. The sum of Rs. 2013 might thus be retained pending adjustment. The new office bearers who will enter upon the management without any cash balance on hand may find it difficult to work at the early stages if they are not to draw any portion of the balance in the Treasury; but there are large outstandings to be collected and if the Directors are earnest and diligent they will soon have funds enough for the most necessary transactions.

(6) That in the above contingency the requisition to the bank in view of the grave complaints against the late Agent, to deposit all sums recovered in the Treasury without using them for the Grant of new loans, be withdrawn.

Note — This is necessary to give life & spirit to the working of the bank

Kandiahpillai explained that the contract of burning had been made by the Mechanic and the foreman of the Municipality. All present had agreed to it. Mr Ekanayake would not have done it.

Mr Ekanayake explained that Viveswara had not been present when it was decided to be a private meeting. Stated that the Chairman had called another meeting to consider the proceedings of the private meeting.

Viveswara stated that the proceedings were not correct. The Chairman who met before Kandiah & Muttucumaru must have been biased towards a different motive.

(Note: He was told that I cannot discuss the question that he can establish his right to recover damages, but that the proceedings can be asked upon in a separate action being the case of Ekanayake vs the proceedings dated 16 Oct 1898. He wishes to know if any decision concerning removal of dirt from his premises and if so whether I consider the proceedings of the general meeting valid.)

through the Accountant Mysore. Soon time after that he went to Mysore, but were told that the records had been sent to this office. We don't want to insist that Mari Gauda should be President. Any other but Puttegauda Sivappa & his relations, and Mari Gauda, may become President & Agent. We will ask Puttegauda to convene a meeting early, and send Proceedings by the end of this month. OK

The members present are told that they should decide for themselves as to who would be the office bearers, that neither I nor any other Govt Officer will give any orders in the matter, that the Govt will watch & see if satisfactory arrangements are made by members for transactions of business, and that if no such arrangements are made it will proceed to recover the amount of loan.

The members say that they will at once take steps to have a meeting convened. OK 20/8/1900.

Sept. 26th 1900 - Letter received from Mari Gauda intimating that a meeting had been held on the 23rd inst after notice to all the members and that copy of the Proceedings would be sent after their confirmation at another meeting.

Copy of proceedings will be awaited. OK.

Mandya - 9. 10 - 1900. Copy of Proceedings not having been received arrived here to make local enquiries - Met Sheristedar Subbanna: He says that a meeting was actually held after notice to all the members, that Mari Gauda had been selected as President and Subbakatta of Mandya as Agent, that a new set of directors had likewise been appointed, that the arrangements made

were so far satisfactory and he had now a hope of
the Banks under the guidance of the new office bearers
doing business in a satisfactory manner, and that to the
knowledge the new agents had copies of the Proceedings ready
for transmission to the Inspector & was sending by Pilkan
Steamer the business to hand over to the Agents when

Mandya the 10th October 1900.

Marcpaunda and Subbaiahat present copy of proceedings of meeting of members of the Cauvery Bank held on the 23rd Sept 1900 and 5th Oct 1900.

Marcpaunda Explains:— Notices of the meetings were issued to all members. to most of his party they were served personally by a broad the deputed to take them round, & other party they were sent by post as they declined to take the notices served by the servants. The notices were sent by post vide page 32. Of these Kilar Shankaraiya attended the meetings. Pillegauda (Patel) and Muddaiah wrote to say that they did not care to attend the meetings (postage paid) the others received the notices delivered by the post peon but did not come to the meetings. Siriappia (former Patel) & al. Hodegatta, a Kayampatte village belonging to Gurumallaiya a member of the bank of Attahalli, &c. Sinjappaiya, & reported to have obtained compensation mortgage notwithstanding that it had been mortgaged to the Bank for a loan of Rs. 2000/- Gurumallaiya. Sinjappa is staying here.

since the last 2 months. Letters were given to
him at that place. - However, he did not come
to the meetings. Nor did any of his party except
Kilari Shankaraya who came to the second
Confirmation meeting. Marijaudas believes
that under the arrangements made at the
meetings the business of the bank will be conducted
smoothly and well. What Girijappa, and
Sath Gauda intend doing, whether by clerical
schemes of thwarting the progress of the bank
or mean to keep quiet - and allow the members
who met at the meeting to work, he is not able
to say. Shankaraiya of Girijappas
party, however sympathised with the members
and said he would some time later consent
to work as Agent if his help in that direction
was required: for the present he was disposed not to
wound Girijappas feelings by taking up the office.
Subbaiah explains that Girijappa himself
asked him to take up the office of Agent as otherwise
the bank would not come to working order and
many poor people would be put to trouble, that
Marijauda & his men also asked him to take up
the office, and that accordingly he has consented
to become Agent. He says that he is able to keep
accounts and that he will go to Satnur with
the Sec and transact business until the bank is
brought to working order and some other gentleman

comes forward to take up the office He believes that Sirigappa wishes that the bank should work, and he apprehends no trouble or inconvenience to arise from Sirigappa's management as the rules of the bank are duly given effect to, and he says he is bent on duly giving effect to them.

Manjunda, questioned as regards the criminal complaint filed against Sirigappa, says:—

The complaint was presented more than a year ago in the Sub-Magistrate's Court. It was transferred to the Taluk Court and registered as the Sub-Court Witnesses, five in number, were examined in the Sub-Court about nine months ago. Then there were afterwards adjournments and then the magistrate transferred. No articles had been received since although petitions had been addressed to Sub-Court and District Officers. Sirigappa desired that the complaint should be withdrawn and said that if that were done he would effect a compromise (Rāja) so that the bank might work, but the complainant Ramanadhalli Sonaji Kempa did not consent to withdraw the complaint. The other aggrieved persons waited to see the result of the complaint filed by Sonaji Kempa.

Both Manjunda and Subba Bhatta also have been elected as President & Agent, and that

the Books, documents and other papers of the Bank in the custody of the Taluk Office may be ordered to be delivered to them & that permission may be given for transaction of business in the Bank. They are told that an early report would be submitted to the Dharma.

Mandya 11 October 1900 —

Putte Gauda former President appears & states

After my return from Bangalore, Mari Gauda and three or four others viz Kommerahalli Javarai Gowda, Soniga Kempa & Kommerahalli Malle Gauda Madda issued notices to call the members convening a meeting to be held on the Pitrupaksha Amavasye i.e. Bhadrapada Suddha to consider and decide about (1) changing Bank hours (2) Removing Agriculturist & appointing others. The notice which was on a post card was left in my house when I was absent from home. I went to Bina devara Temple to attend the meeting. That was on Sunday. With me went Siriyappa, Hodeyatte Patel Dibbe Gauda, Kunti Kempa, Linga Gowda of Muddegauda of Honnenhalli, Akkere Gurumallappa & Linga Gauda son of Honde Kempe Gauda. We arrived at the Temple at 11 A.M. No one was then present the time mentioned in notice was 10 A.M. After we went there 10 or 12 others of my party came there. Mari Gauda & others then issued notice

did not at all come to the Temple - nor did any
others of their party - We waited in the Temple till
6 P.M. and then dispersed. We went to Kunte Kempa
to Thambhoy Venkatpatia's house to see if Mansanda
and others were there. We came back and saw
that Mansanda, Jawadisanda, Mallesanda,
Muddesanda, Venkatpatia, Mudlaiya & father
Viswanatha were there and that two men of Thandapur
were seated outside the house. This was immediately
after we went to the temple. The distance from
the temple to the Thambhoy's house is about 2 furlongs.
The bank is between the temple & the village. We
Komptis that being Vibhishaka Amavasya the
Brahmins & other members would not come & therefore
the meeting had been given up. We made no enquiries.
About 5 or 6 days after that the post peon brought me
another post card intimating that a confirmation
meeting would be held at the Broadeviam Temple
on the 5th Oct 1905, Monday. Others present received
the cards addressed to them - but I declined to receive
mine saying that no meetings held as per former
notice and it was no part of my business to go and
wait at Venkatpatia's house. I signed a note
written by post peon refusing the card. On the date
fixed for the meeting Sivagappa came to me
from Kadeshetta and took me with him saying
that whatever objections we had we should go &
the meeting & keep them and that it was not
proper to keep back. Accordingly Sivagappa
myself, Kunte Kempa, Kalachanda Lingia

Muddaiah, Kandi Kempanna Gowda & others went to Biradevar Temple before 10 A.M. on the 8th. Ishwara Patel Chikkegowda was also with us. 7 or 8 others afterwards joined us in the Temple this time too. Marigowda and others did not come to Biradevar Temple or any place near it. We waited till evening and as they did not turn up we dispersed. At about 3 P.M. one Temple Servant of Sirigeppa came near temple from Lakmapura on his way to Kommerhalli and upon enquiry he said that Marigowda & others went to Thallop's house and did not come out. I do not know what has transpired since. I came to Maindoor day on some business and hearing that the Inspector was here I called to see him. Sirigeppa is laid up with fever. I did not take steps to call any meeting after my return from Bangalore because before I could move Marigowda and others issued notice for a meeting and I thought that was sufficient. (N.B. Copies of Proceedings of the two meetings presented to the Insp: are shown to deponent who reads them through and says—) The meetings were not held in the Temple as stated therein. Doddi Maigowda of Kommerhalli who is said to have signed the proceedings had gone to Bangalore on a case in the Chief Court and returned only today. He could not have and did not attend the meeting of the 8th October. In fact he was with me on that day at Honganhalli as I was performing my Pitru Obsequies. On that day there was a plain paper document executed by Bilidesai Rayappa & a third person a stranger to me Subbanna Behn true, and this was attested by both

myself and Doddi Manche Gauda at between
11 A.M. and 1 P.M. and even after the attestation
Manche Gauda was with me at Honganhalli
for a long while. (Where do you mean by saying not
for Saturn market day?) I did go to Saturn last
day Manche Gauda was with me at Honganhalli
till I left for Saturn and then he left for his
village Konomenhalli. We parted on the Kodi. We
left Honganhalli together. Subbarthal is a
respectable man but he is not able to read or to
transact business. He was formerly a director
but resigned the post. He is further residing at Mandya.
Konamenhalli Jawara Gauda is a respectable man,
Mangadasta but he is illiterate & not competent
to discharge the duties of Director. Honganhalli
Narsimha Setti is not respectable and has
no lands save an acre and odd. There is much
on record against him. He is Suddha Pokri
and Mr. Thompson stated that no loan
would be given to him. Chikka Muddu Setti
is also Suddha Pokri and there is much on
record against the Revenue Courts against him
He does not possess lands worth even four annas
and he has taken no loan from the Bank
nor does he want to be on the bank. There
is no Khate in his name. Sachidanandaiah
is a Pichatta (respectable man) and he may
be a director. Gurusantaiya is also a
respectable man & may be a director. The
procedure Mr. Thompson adopted in the case attestations of
men of Gurusaggadas party. Not a fly (except) of

Sivajappa's party has signed them. Among
the former are men who have taken small
loans to the extent of only Rs. 2000/- and more than
one taken no loans. Among the latter are big
men who have taken large loans to the extent
of about 10 or 11 thousand Rupees. Shankara
belongs to my party i.e. Sivajappa's party. He is
not related to Sivajappa. He is Karnikan of Kilar
Shankaraya is not partial to any party in particular.
He is impartial to both parties. He is a very
respectable man and both parties have no objection
to his holding any office. I can't say whether or
no Shankaraya attended a friends at the meeting
of the 8th October 1900. All I can say is he did not
come to the temple and there was no meeting in
the temple. If Shankara becomes President
instead of Manjunda we have no objection. There
was no occasion whatever to change the directors
of the Bank house. There was no order that
these should be changed. Yet many of the other
party have gone beyond what was necessary to be
done & changed Bank house directors. A complaint
petition will shortly be presented on the subject
Manchamma's temple is quite unnoticed for a Bank
house. It consists of but one room in a portion of
which the Devaru is kept and worshipped once
in 8 or 10 days. The Devaru though a mine devaru
is common to all the villagers. There are two factions
among the inhabitants of Kathur and at the instance
of one or the other the bank might be ousted from
the temple at any moment. I have nothing more to say.

Suttegauda asks that all the members may be examine

in regard to convening of the meetings in question, but he admits that men of each party will come forward to support the allegations of their party leader. He allows that Shankaraiya is one who is impartial to both. He also allows that Subba Bhat is likewise impartial to both. Ankachari and Girimantia are decent respectable men but they have joined Marisaudas party.

Pattesaudas asks that a meeting be convened in my presence of members of both factions and says that he will vouch for his party accepting as office bearers any men of either party excluding the actual combatants viz: Girizappa himself and Marisaudas. He is referred to the gathering before me on the 25 July last and told that as it proved infructuous I do not wish a waste time over another attempt of the same kind. He asks that another opportunity for such a meeting be given through Upadhi for the poor members and says that meetings held otherwise by at the instance of one or the other party are sure to be disregarded by the opposite party and challenged and thwarted by it. He says that there are the following men among members impartial and equally disposed towards both parties and they are eligible & may be selected at a meeting held in the Inspectors presence & called at his instance. Their names are :-

(1) Kesod Shankarappa
(2) Suttalu Girimantaiya
(3) " Bhutesaudas Siddesaudas
(4) Jogi Boresaudas
(5) Hita Muddabetti
(6) Akkere Girimallappa
(7) Subbis sons of Mandiya who are literate and
(8) Handi Kempan Lingesaudas (Pattesaudas sisters husband)
(9) Kalachanda
(10) Chik Kalesaudas of Chamlapur who are illiterate

He says that members are very anxiously afraid that the bank would cease to exist altogether and are disposed to nominate men without regard to party feeling, but that the arrangements made at the meetings now under consideration will never work satisfactorily, Subba Jois being, in his opinion quite unfit to preside, having consented to lend his name only on the assurance that Venkatpatia or some other antagonistic council of Sirigeppa will do the work. He observes that while he is under the orders of Sirigeppa, Narsingha is under the orders of Venkatpatia. and that copy of one of the proceedings of the covering letter is in the handwriting of Venkatpatia. On my observing that it was easy for them both to discard their enmities and join to further a common purpose, especially as both were closely related he gets warm and says that Narsingha is no way related to him. His attention being drawn to his admission of another occasion he says that he never admitted the relationship, and, spoken of days that he is but a votary of the same deity and adds with some feeling:- it was at the instance of this man that I became President, he thus made <u>laxna</u> of the office one; such a one he has taken, can he be regarded as friend; there is bitter enmity between us; he can never be tolerated as President. Pattegauda says that he will get a petition signed by all the members of his party and present it and asks for time. He is told that there has been already considerable delay in the disposal of the matter, that I had noted all that he had stated and would submit the same to the Commr. along with the proceedings, that if he wishes to give a petition he might present it with his own signature, and that his representation would be taken as the representation of all the members of his party. He says he will bring the letter tomorrow if convenient, or post it. He is informed that I intend questioning Shankaraiya tomorrow if he could be got and that he might be present on the occasion if he chooses. Sd

Narsingha

Manjsauda who was present during the above argument writes that the meetings were as a matter of fact duly held in the Biradevaru temple that many respectable men of the village, Heggades, are aware of this, that Manchesauda was present at both the meetings, and being a man of Kattesauda's party has been asked by the latter in the hope of bringing him round to corroborate him, that Manchesauda is now in Mangalore and may be questioned, & that Shankara may likewise be called & questioned. He produces the notices issued in both the meetings as also the original of the proceedings then recorded, and adds that Kattesauda did not come to Sattur at all on those days & that Sirasse alone came to the village but in the evening to return to his house, by which time meeting had been closed. He produces three prior notices to show that Kattesauda and his men would not accept service personally and also that on this occasion notices were therefore sent to them through post.

He is asked to bring Manchesauda if convenient.

He returns with Manchesauda

Manchesauda says:— I am illiterate. I am known as Doddi Manchesauda. I live at Komerkalli. I pay a Kandaya of 60 Rupees. I am member of the Bank from the beginning. I have not borrowed any money from the Bank. I had been to Chief Court in connection with an appeal in which I was respondent. It was decided yesterday in my favor and I came here today. I attended both the meetings. They were held in the Biradevaru Temple. The first meeting was begun at about 12 noon and closed at about 6 P.M. Manjsauda was President of that meeting. The second meeting was likewise held from about 12 noon till about 6 P.M. On this occasion Nilan

Shankrappa had come to the meeting & was the chief man. I assure & aver that both the meetings were held in the Biraderan Temple. My friend Lieutenant Shanbhog Venkatpatta was present on both the occasions and he wrote the proceedings of the meetings. Both these proceedings were held in conformity with Rules issued by Marisanda & others. (He is informed of what Puttesanda has stated.) - Puttesanda & Sirijappa did not at all come to the Biraderan Temple on both the occasions. The allegation that the proceedings of the meetings were got up in the Shanbhog's house is not true. I swear that the meetings were held in the Biraderan Temple. I am prepared to state this in the presence of Puttesanda (the latter has now gone). - I know Honnonhalli Narsinha Setti and Chik Midda Setti from a long time (10 years) they are respectable Lingayats. They were trading to a pretty large extent but are now somewhat backward. They are not Sokris. I am confident that they will attend to the bank's business honestly. What am I to say to Puttesanda calling them Suddha Sokaris. They are not Sokris. Manchesanda's Gadi is a strong building. It is common to villages. If through party feeling any people object to bank being held there, the bank may be kept in some house. OK

Marisanda says that Puttesanda after giving his statement here went direct to Manchesanda & the Patel Marisanda and asked them to corroborate him. Manchesanda questioned about this says with some reserve & reluctance. - It is true Puttesanda met me & told me what he had stated & asked me to say that the meetings were not held in the Temple. I said that I would not tell a lie but if questioned by what I had seen. OK 11/10/1900

Mandya 12 October 1900 Thursday

Subbabhatta of Mandya states:— I joined the Bank some months after it was started. I have borrowed Rs 100 out of which Rs 20/- has been withheld on account of deposit as also a half years interest and other sums which I would not mention before Sannidhana now. The first of the two meetings now in question was held on the Vibhavapaksha Amavasya day. Mudlapuram Son came to call me for the meeting that day, but I said I could not go and did not go as it was Sitapaksha Amavasya and I had religious duties to attend to. I have no personal knowledge of what transpired at that meeting. I attended the second meeting. Shankarappa also attended it. It was held in the Biradevaru Temple. I swear that the meeting was duly held in that Temple. Neither Pattegauda nor Girijappa came to the Temple that day. Girijappa was not in the village that day. I went to the Temple at about 10 A.M. after taking meals and remained there till about 6 P.M. Some of the members stayed the proceedings when they were closed and left while I and a few others stayed there talking as the Temple was a nice place. During the Sitapaksha, about 5 or 6 days before the Amavasya on a Monday, to [illegible] I went to Biradevaru Temple in compliance with a notice sent by Girijappa. There was

present then only 5 or 6 persons among them
Girijappa and Puttegauda. The others were
of their party but I can recognise them and do
not know their names. We waited till 6 P.M. and
as no others came Girijappa said that no
proceedings could be held. It was on that
occasion that Girijappa said that I should
have the Agents Namakarana. I said that I
did not want to take up the office as I was unwilling
to Maukya. He insisted upon agreeing & I gave my
consent. I am a Vaidika and Srivaishnava and at
my age work of this kind is not at all agreeable
to me. I am not further well conversant with
Kannada writing & readings. Men of both parties offended
to me saying that by the continuance of dwaipadha
the bank would be wound up and many poor men
would be put to inconvenience as well as myself,
and that as a person acceptable to both parties, I
should for a time at least hold the office. My son
is a good Kannada and Sanskrit Scholar
and I may have him as my clerk. It is not
my wish that he should join in this work as he is
studying Vedantam, but for the common benefit
of members I have had to accept this arrangement.
As soon as the members are able to make other
arrangements after the Bank comes into working
order I mean to give up the office. If is not
fit for me. There are the men who are plucking
eyes & nose (illegible) who
may take up the office and any of them may be appointed
as they are capable men (illegible)

all the cousins were equally bad, he says) - Srinivasa is a bad man - He took away money when people were ignorant about the bank's doings - I too was deceived in that way - Now all are aware of rules and proceedings and no body will give a pie beyond what is lawfully due - Nothing bad is yet known about his cousins (wire pullers or manipulators like) They have not had any hand in the working of the bank - So nothing can be said now against them I have seen Manchamma's Godi - I learn that it belongs to one individual & that he has given his consent to the bank being held there - No money will be kept there and the important documents will be secured in the Taluk Kacheri - Only books etc required for immediate use and reference will be kept there - No concern need be felt on this account - We are responsible for the safety of the papers and money will take proper precautions and steps: let only the bank come into working order - I see the originals of the proceedings of the meetings from the first meeting do not bear my signature because I did not attend that meeting - The proceedings of the confirmation meeting do bear my signature I know it. I was present at the meeting & signed the proceedings. Nilar Shankara was also present & there is his signature

In a general conversation about the prospects of the bank and the conduct and character of wire pullers, Subba Bhat said that Venkatpatia Muddayya & Narayana were likely to upon

the Bank if it comes into working order and being
liberale and capable could afford aid in the working
of the Bank, that they had faced no difficulti and
were bankers of the ordinary type & quite unlike
Govindappa who was a Patita the like of whom could not
be found in better times, that if at all something
like the prick of a small thorn might be apprehended
from them, never anything like the phenomenon of
Govindappa, that Sattesaude had misused the
money he obtained from the Bank and left his just
debts undischarged, that he apprehended being taken
to task for such conduct and made Govindappa the whole
of the loan, and that this seemed to be the cause of his
opposing the nomination of men who did not belong to
his party and thereby their endeavours to elect
proper office bearers of the bank

I was struck with the straightforwardness & candour of
this old gentleman

12-10-1900 Afternoon

Sattesaude appears says that he has not brought any letter,
that Govindappa is better today he is able to sit up the letter could be
of reason why that he wishes to get it signed by other members of his party
and that all difficulties would be over if a meeting were convened
in my presence. My reasons against an undertaking of this
kind are again explained, and the advisability of forgetting
differences and joining together for common weal was again urged.
Sattesaude says:- the mischief has all been caused by the
resumed Brahmin members Venkatappaia & others; though they have
nothing to do with the Bank they neglect all other business and go
about instigating Narasimha and a few Bhedari members.
they may be seen everywhere in the company of Narasimha.
practically they will become the managers if the arrangement
under consideration is approved, Narasimha being ignorant
not knowing to write more than the letters of his name and but

for their Maniyapadesa not being able to even pronounce the Ahmantra, and Subbarayal too not possessing the necessary literary qualifications. He asks me to forward his petn. about the arrears of Kandaya and due by him to the Dalavoy authorities.

Manilanda appears & says that a servant has been sent to call Shankarappa but that the latter has not yet come to the town. He has brought Chikkiddasetti one of the new directors who happens to visit Manidya.

Chikkiddasetty says:- He is of Dásabanajigasetti caste, is 67 or 68 years of age, has been residing at Honnavalli for the last 50 years while his brother Bella setti lives at Keshru he was trading in Supari & cotton but on standing to the extent of Rs. 500 remained uncollected & he has now a debt of about Rs. 200, he possesses lands, dry & wet assessed at Rs. 21 in the village of Honnavalli and Kodballi, patta thereof is in Bellasettis name but he has had 50 years separate enjoyment of it, Bella setti having lands assessed at Rs. 25 at Keshru Bella setti died abt 18 months ago, application for transfer of patta will be made - there is no reason whatever to apprehend any contest about the transfer. He owns a house & when better times come he wishes to resume his trade, he will diligently attend to the duties of Director, Satnur is eight miles over a mile from his village, he is able to write, has not received any loan from the Bank yet, Patte Gauda took four Rupees from him promising to get him a loan

13. 10-1900 Monday Manidya - Shankarappa not come -

Girigappa appears with Pattegauda and says:- the Pattegauda and about 35 men of his party went to Biravara Temple on both the days on which meetings are said to have been held, and waited there till 6 P.M. but neither Manigauda nor any others of his party came there or held

any proceedings. Those who were with him in the Temple were:— Kaladppa, Guramallappa and Linga of Alkere Subbanappa, Patel Siddegauda & Dasegauda of Jehageere Nanjundaiya and Chikkegauda of Hodaghatta, Ningegauda, Siddegauda & Siddaiya of Hulivana Subbaiya, Bhuttegauda, Siddegauda & Krishnia of Guttala Eleven men of Hongenhalli, 50 to 60 men of Saitnur & Budnur Krishnappa. They were present in the Temple from 11 to 6 P.M. On the first occasion Puttegauda sent Kunti Kempa to enquire about Marigauda and inform him that people as above were waiting in the Temple. Kunti Kempa reported that Marigauda was in the Shanbhog's house and said 'we have held proceedings here (2 pm to 5 pm) - let them if they choose come here & sign' He (Girigappa) and the other men dispersed remarking that if proceedings had been held in the Shanbhog's house they had no business & so there. At a previous gathering he (Girigappa) mentioned to Subba Bhatta that it seemed advisable he should become Agent for a time, but it was not meant that he should be left to work unaided with a man like Marigauda as head or with Directors like Mudbasketter, or at an office held outside his (Girigappa's) house. There was no occasion for changing the directors or the Bank house. The notice-postcard mentioned only one object, the changing of President & Agent (Puttegauda remarks that so far as he is able to recollect the other objects were also mentioned, & Girigappa contradicts him). The postcard is not produced. All members were party men - men of impartial disposition brought. All members were present (except two) were not among them (The list of names of such men given by Puttegauda is read). They could not be regarded as such. He and his others wish heartily that the bank must work, but his cousins and their partizans (to whom the epithets of Sillemakkalu & Soli makkalu are freely used) have caused all this difficulty. These men are in a miserable minority. They are not men of substance & the loans obtained by them amount to about Rs. 2000 only. On the other hand he (Girigappa) has property worth at any time Rs. 8000, Puttegauda has property worth Rs. 10,000, and Guramallappa more than that. Men of this party have obtained loans amounting to Rs. 12,000, and they

were all of one mind, like members of one family (Sic Ed.) The
Govt. may split the bank into two allowing each party to have its share
of the bank's business (Sirisappa is informed that the initiative in regard
to this must be taken by both parties acting together, that resolutions which
might be passed in separate in a General Assembly should be submitted
to the Chief Court, and that if the Chief Court approve of the resolutions further
action could be taken, and that no executive order could be passed by
Govt. in the matter) In that case the power to work the bank may be
given to Marisanda and his men: he (Sirisappa) and his men will
remain at home and pay their instalments and interest, but will
not be responsible for losses. (The law as to responsibility of members is explained)
He will draw up a petition to come & get it: when his party had been
sent for & had to come -

Sirisappa having asked me what I intended to do, whether I
meant to pass any order permitting the working of the bank by Mari
Gauda & his men, he is told that the papers would be submitted
with a report to the Dy Commr. He adds — the Deputy Commr knows
him personally: when Marisanda waited upon that officer with a large
no of men & urged their case, the Dy Commr sent for their respective
men & reprimanded them for coming forward with such complaints,
and remarked that he knew Sirisappa & the above account of
him to malpractices (Note! The other side gave a different version
of their interview with the Dy Commr).

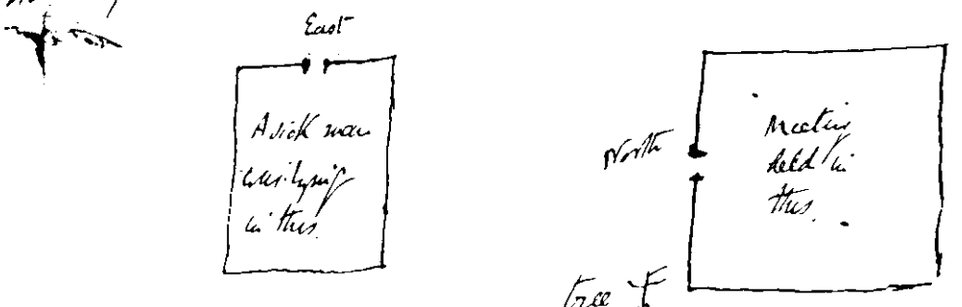
Sirisappa is told to expedite his Petition - he turns round
to Javarai Gauda - who is present with Marisanda and says that even
if his (Javarai Gauda's) party were to hold 25 meetings they would be
of no avail, that the same would be the case with any number of
meetings he (Sirisappa) might convene or the Dy Commr might convene,
and that both parties would combine & act. Javarai Gauda retorts
saying that he even fell upon Sirisappa's feet and implored him not
to be obstructive, that Sirisappa insisted upon having all his own way
that he (Sirisappa) had cheated & ruined people &c

A few minutes after the men left the room I was occupying with
Travellers' Bungalow, Subbathat came in and when he was reading
Ibn Benchangam, Sattegauda came back & said that Subbathat
was not present at the first meeting & should be questioned on the point

I said that Subba Bhat had already stated to that effect, and Subba Bhat turning to Kattesaunda remarked that he had stated what was true just as he was swearing upon salt.

A few minutes later Shankarappa came. He was questioned in the presence of Girigappa & others who had not yet left the premises. Shankarappa says: — He attended the second meeting & presided at it. It was held in the Biradevaru temple at Sarbair. He went there at about 10 A.M. and found people seated outside the temple. They waited for an hour: more and other people came in. Then all went into the temple & held proceedings. He pointed out the original record of the proceedings held that day. He recognises his signature in two places.

Shankarappa is informed of what Kattesaunda & Girigappa had stated and questioned if there were two Biradevaru temples to make it possible that both the versions could be correct. Shankarappa states:- There are two Biradevaru temples situated side by side and at an interval of about 20 yards, thus: —



Coming from his village he passed in front of the temple the door of which faces the East. He entered it but found only a sick man lying in it and no one else. He then passed on to the other temple and found Marisaunda & others seated under the tree. The meeting was held in this temple.

Girigappa being asked if he had anything to say in regard to Shankarappa's statement observes: — He, Shankarappa is not a man who would speak a falsehood. Somebody must have set him up to say so. He (Girigappa) will ascertain & intimate the matter hereafter.

ABSTRACT

State that they had duly elected respectable persons as President, agent etc to the Agri-cultural Bank in their village That subsequently some of the per-sons lost their membership on account of their bad conduct; that eversince that time, these persons are trying to bring about the down-fall of this Bank, by writing false petns etc; That formerly Mr Cheng-iah chetty the Inspector of Agricul-tural Banks etc has stated in his report that he is quite satisfied with the working of this Bank; That in June 1899 when Mr Ramaswamy Iyengar had come to inspect the Bank at Arsikere, these persons carried

but since then, there being no per-

Bank, the petrs could not pay their
yearly instalments and interest on
the money borrowed by them from
the Bank; That recently they hear
that in the places of the former Presi-

that one Mudligiriappa has been
appointed in place of Subba bhatta
as agent; That the petrs were not duly
informed of these changes; That
Mudligiriappa is one of those who had
lost their membroliips formerly;
that they have been served with no-
tices directing them to pay the money
due by them to the Bank, all at once,
as per Govt. orders failing which, suits
would be instituted against them;
that on account of these actions, the
petrs who are directly responsible
for the money paid to the Bank by

Office of the Inspector of Agricultural Banks in Mysore.

Dated, Bangalore, 19th August 1907

From

M. Chengiah Chetty Esquire,
Inspector of Agricultural Banks
in Mysore.

H. V. Nanjundayya Esquire,
Secretary to the Government of Mysore,
General and Revenue Departments,
Bangalore,
Through the Deputy Commissioner
Mysore District.

Sir,

With reference to your docket No. R. 689 A.F. 60-97 dated the 9th instant (received on the 13th I dem from the Deputy Commissioner, Mysore District) forwarding for enquiry and report a petition from Suttegauda, Giriappa and 4 other members of the Agricultural Bank at Satnur, I have the honor to state that I proceeded to Maudeya on the 14th instant and instituted the necessary enquiry into the allegations made in the petition and other affairs of the Satnur Bank and that the result of my investigation is noted below.

2. Regarding the first allegation that Marigauda and Subba Bhatta were chosen

President

President and Agent without the petitioners' knowledge, I find that notices were sent to them and some others by post under section 71 of the Articles of Association and they were returned with the endorsement "Refused". I enclose a printed copy of the Bank's proceedings of this meeting dated 23rd September 1900 and also of another subsequent meeting dated 10th April 1901 in which Mudlagiriappa was nominated Agent, Subba Bhatta having failed ill. This Mudlagiriappa happens to be a cousin of Giriappa and is not on speaking terms with him, nor does he own much property. But it does not follow that he is a bad man like Giriappa. In Mr Ramaswami Aiyangar's report dated 26th October 1900 this point is also fully discussed.

Please see encls: 4 & 11 nos 25

3. As regards the next allegation that Puttegauda was unjustly put in court, it has to be noted that he merited it by his own action. He applied for a loan of Rs 1000 for the specific purpose of liquidating his previous encumbrances to the extent of Rs 150 and simple debts of Rs 700 and Rs 150 for agriculture. But upon obtaining the loan he failed to redeem the lands hypothecated to the Bank from previous encumbrances and the creditor issued a notice to the Bank that he would take civil action against him and the Bank. The Board of Directors was therefore forced

to

to go to Court. Pattegauda produced to the Bank old documents for Rs 472-15-3 instead of for Rs 700 as per his Darkhast application. Even among these bonds, I find on enquiry that he has produced documents for Rs 200 as a proof of his having discharged these debts while he has not actually done so. He brought away these from the parties by executing fresh documents. This is a serious matter and I am considering whether the Bank should not be advised to take criminal action against him. As far as my present enquiries go two others of Giriappa's party have played the same tricks. It seems necessary to get one of these punished so that this may act as a deterrent to others.

4. The above remarks dispose of the allegations contained in the petition. Probably the two persons Pattegauda and Giriappa, the ex-President and Agent who head the list of signatories of the petition which contains the names of 4 other members out of 103 on the rolls, seem to labour under the false impression that the lapse of one or two years has effaced from the memory of the Government officers concerned, their most unscrupulous conduct, to say the least, which brought the Bank into disrepute and inflicted great hardship upon the ignorant members.

members. A kind perusal of the references quoted in the margin will prove beyond all doubt that these deserve no sympathy of any kind and that their petition deserves summary rejection. One of the aggrieved parties filed a criminal complaint against Govindappa and it fell through but I now learn that the Sessions Judge has ordered his re-trial. But for this incident and the present managing Board filing a Civil suit for the recovery of Rs 1000 lent to Puttegauda, the petitioners questioning the validity of its constitution would not have seen the light of day.

5th May 1899 the following order was passed by me as Sub Divisional Officer French Rocks.

" × × × × × × × × × × × ×

not to make any further payments to the Bank until the members take steps at once to convene a General Meeting and change the President and Agent who have given room for these complaints as their retention any longer is likely to result in the mismanagement of the advance made by Government.

Since then the members had held many abortive Meetings, all due to the obstacles thrown by Govindappa and his partisans, but at last succeeded in September 1900 in forming a Board of Directors with Marigauda as President

and

and Sibba Bhatta as Agent. I am inclined to believe that the present controlling staff is comprised of men who can be trusted of some character and but for Marigauda's influence and tact the nefarious acts of the late President and Agent would not have come to light and should have precluded in great disaster to the Bank.

6. The Books and Registers of the Bank which were in the custody of the Amildar since Hayle were handed to this newly elected Board of Directors only in January last and in the following month, orders for the recovery of the Government advance were issued. Under these circumstances no substantial improvement could be expected in the working of the Bank. The Board has, however, rectified all clerical errors originally noticed and written up the books which were greatly in arrears.

7. For the past three years there has been little or no rain in these parts and the agricultural classes have consequently suffered much and even this year the rainfall has been meagre till now. If at this juncture the Government

I beg to express my concurrence in the proposals

Government order of February last is enforced, the members will be utterly ruined. As the management of the Bank is now in better hands I am of opinion that the above order may be kept in abeyance for a year and in the meantime the working of the Bank watched carefully by local officers by frequent inspections.

8. Out of Rs 16000 sanctioned by Government the Bank has already drawn and disbursed Rs 14,965. To make up the amount to a round figure of Rs 15,000, it may be allowed to draw Rs 35 more, and also Rs 1027-8-0 deposited in the Treasury and credited towards the Government advance. This amount will give life to the Bank and enable the managers to commence its operations and gradually recover the arrears due from the members and put everything into order.

9. I may also add that Rao Amildar entirely concurs with me in the above views. His report No 79 is enclosed in original for information.

I have the honor to be,
Sir,
Your most obedient servant

Inspector of Agricultural Banks in Mysore

by reason of their present heavy liabilities; and consequent hold on the other securities" referred to and the Government proceedings under rep[ort] will be of little avail for the recovery of the loans.

6. From the foregoing reasons I am of opinion that there is risk in continuing these loans. As the Bank has become greatly involved in difficulties through a series of adverse seasons and depression in the Coffee market, and as all the members have defaulted even in payments of interest due

due on their loans, it is a question for consideration of Government whether Sections 74 and 75 of the Articles of Association may not be fitly applied to the Lakhipur Agricultural Bank.

excess of the total of 1st class loans without interest thereon. But if interest on these loans be added, the present value of the property hypothecated to these loans will barely suffice to bear such burden and obviously cannot admit of the additional burden of 2nd and 3rd class loans.

4. It will be seen from the foregoing circumstances that the Sahlispur Agricultural Bank by reason of the deterioration in value of the mortgaged property is not in a solvent condition and not likely

numbers is ~~Rs~~ 3, 97, 214-12-0
and this sum together with
interest thereon amounts
to ~~Rs~~ 4, 77, 055-6-0.
The aggregate loan of
~~Rs~~ 3, 97, 214-12-0 is
classified as follows:-

1st class loan.	3,43,355-8-0
2nd class loan -	41,443-0-
3rd class loan -	5,479-0-
4th class loan -	6,937-4-
Total ~~Rs~~	3,97,214-12-

3. The present valuation
of the lands and buildings
hypothecated to the Bank
as security for the 1st class
loans based on the data
furnished by Mr. A.
Pilkington and my
calculations amounts
to ~~Rs~~ 3, 83, 151-13-5
which is somewhat less
than the

coffee lands; I made a complete list of all lands and buildings hypothecated to the original loan and assessed their present value by a system of depreciation from the valuation statement of 1900, adopting Mr Pilkington's valuation as the basis of calculation concerning coffee lands. I have embodied particulars of valuation under para (7) of my memo of inspection of the Sakleshpur Agricultural Bank herewith submitted for kind perusal.

2. From the statement sheets attached it may be observed that the total amount of the original loan granted to the members

granted to the members of
the Agricultural Bank at

honour to state that
since making the reference
to Government on the
subject in my letter

statement from Mr Hy
Kilkington Inspector of
Coffee Estates concerning
his valuation of lands

included only the portions
of coffee lands now under
cultivation, and did not
include some of the hypothe-
